

**Some Ideas of Distinguished Scholarships
For the University of Oregon Society of Physics Students
November 3, 2009**

Sophomores/Juniors
(at time of application)

Barry M. Goldwater Scholarship For juniors and seniors who plan to be scientists, mathematicians, or engineers. Awards can cover the junior and senior years or just the senior year. Winners receive up to \$7,500 annually to help cover tuition, fees, books, room & board.

Department of Homeland Security Undergraduate Scholarship Program Undergraduate scholarships are for juniors majoring in the physical sciences, mathematical sciences, computer and information sciences, life sciences, social sciences, psychology, or engineering. Must be a U.S. citizen. Winners receive \$1,000/month for 9 months during the academic year and \$5,000 for the 10-week summer internship.

Morris K. Udall Scholarship For juniors and seniors (including those in the 4th year of a 5th year track) from a variety of fields who have demonstrated a commitment to environmental or natural resource issues through a combination of coursework, research, internships, jobs, or extracurricular activities. Native American or Alaskan native students are also eligible for fields related to tribal health care or tribal policy. Winners receive up to \$5,000 for tuition, room and board, or other educational expenses.

Humanity in Action Summer fellowships for sophomores, juniors, seniors, and recent graduates (May 2006 or later) in all fields of study interested in study in Denmark, France, Germany, the Netherlands, Poland, or the United States. Non-U.S. citizens are eligible.

RISE (Research Internship in Science and Engineering--Sponsored by the DAAD) RISE is a summer internship program for undergraduate students from the United States, Canada and the UK in the fields of biology, chemistry, physics, earth sciences and engineering. It offers unique opportunities for undergraduate students to work with research groups at universities and top research institutions across Germany for a period of 1.5 to 3 months during the summer. RISE interns are matched with doctoral students whom they assist and who serve as their mentors.

Juniors

(at time of application)

[Harry S. Truman Scholarship Foundation](#) Funding is for graduate or professional schools in the United States or foreign countries. Winners receive up to \$30,000 for 2-3 years of graduate study. This scholarship is for leadership in public policy and would support the study of science directed toward community service.
